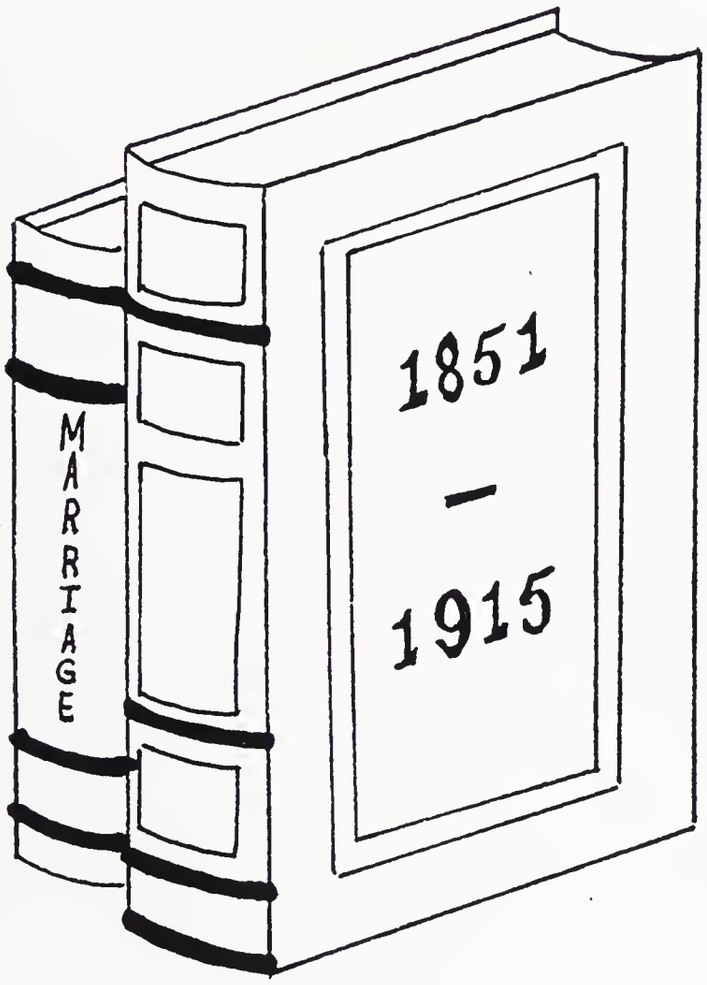
CLATSOP COUNTY, OREGON

MARRIAGE RECORDS INDEX



BY NORMA HUNSINGER

COPYRIGHT BY:
THE CLATSOP COUNTY GENEALOGICAL SOCIETY

NOVEMBER 8, 1990

We have compiled an alphabetical listing of the marriages of Clatsop County, Oregon from the 1850's thru 1945. We have broken down this list into 3 books so that researchers could order a smaller book for a particular period of time.

This index is presented for the purpose of providing useful information to genealogists and historians of this area, now and in the future. It is hoped that the marriage information along with the newspaper index (which is available at the Astoria City Library) along with the cemetery records will be clues for relationships and additional family research. By comparing generations with the dates, a better time frame of reference might be established. By following up on additional family relationship clues, clarification and more information might be obtained.

The Clatsop County Genealogical Society has many of the cemetery records in books at the present, and it is trying to complete all the cemeteries by the end of 1991. Check the back of this index for those completed and for sale along with an order blank.

As with all works of this nature, there are undoubtedly errors. We have tried to avoid this as much as possible. If any errors do occur, we would very much appreciate it being called to our attention so they can be corrected as soon as possible. Many of the old records were hard to read, but with much deliberation of proofing, we feel we have made a most accurate listing. But as all researchers know, check other spellings of your ancestors. Some of the immigrants, for instance, married before they were naturalized. They could have a legal change of name at the time they were naturalized and become known by their new name in generations to follow.

Without the assistance of many, this project could never have been completed. I would like to thank Bettie Ober, Betty Takko, & Lenore Hearing for the many hours of proofing. Also, LeRoy Morrell for his assistance with the computer program and printing of the books. And a thank you to the County Clerk's office for their patience whenever I had to go check original records for verification from time to time.

May you find just the material you need within this index. You may contact us at [redacted] We will be happy to help you any way that we can.

HAPPY HUNTING.
